## About us

Institute of Engineering & Management (IEM) is the oldest, private technical educational institute in West Bengal imparting education in Engineering & Management disciplines. It was established in the year 1989. It is located in Sector V, Salt Lake Electronic Complex, which is the IT hub of West Bengal. The College of Management, IEM offers 2- Years Full Time MBA Program (batch strength 180) affiliated to Maulana Abul Kalam Azad University of Technology (MAKAUT) and PGDM Program (batch strength 60) approved by AICTE.

IEM has become a premier institute of Engineering & Management Education due to quality education & research. It has surpassed innumerable benchmarks of achievements. Its record of placements over the years has been outstanding.

IEM is ranked as one of the top 50 B- Schools in India in the AIMA journal, New Delhi in Category A. It has also hit the headlines by achieving the 3rd rank among World Bank's TEQIP funded colleges.

## Rich Credentials:

- IEM has been ranked 'A' Category by NAAC (National Assessment and Accreditation Council), 2017
- IEM has stood 4th in Bengal in NIRF ranking after IIT Kharagpur, IEST Shibpur and NIT Durgapur in 2016 and 2017

- IEM B School has been awarded as the "BEST B-School" in the prestigious Golden Globe Tigers Award under Education Leadership program in Malaysia, 2017
- ABP News, the leading National News Channel has awarded IEM - both Engineering and Management section with "Outstanding Engineering East" and "Best Business School" respectively in National Education Awards, 2017
- The IEM group has been awarded "Education Excellence Award" by 24 Ghanta TV News and Zee Network under the category "Best Placement, Domestic and International in Engineering and Management" 2017
- ICRA has recognized IEM with a rating of EB3+ (ICRA EB3+ implies the institution has resources and processes that can deliver between high and good education. the sign of + (plus) appended to the Grading symbols indicate the relative position within the Grading categories concerned).

Besides imparting state of the art education, IEM believes in inculcating a value system among its students which would make them better, socially and culturally responsible human beings and potential leaders of tomorrow. Today, IEM flaunts a network of its alumni spread throughout the corporate world as torchbearers of the institute's success and legacy. A carefully considered and thought out placement strategy is in place to provide the students the most appropriate spring boards for their future careers.

The curriculum packs in ingredients to enhance the crucial emotional intelligence of students along with logical thinking because IEM believes that in a challenging social and organizational structure what will win in the end is the heart, in addition to the head.

IEM has a supportive, close- knit environment where faculty members are readily approachable. This enables the students develop their individual managerial capabilities to meet the demands of any challenging role. Underpinning IEM'S approach to learning and teaching are all the resources that you would expect of a major management school - from library to Wi-Fi connectivity supplemented by the institute's dedicated resources. IEM also understands the need to offer students a flexible approach to their studies. The emphasis therefore is on self- paced learning where students are encouraged to study and gain knowledge at their own pace.

## The Right Track Program Overview

IEM'S Program creates a synergy between education and practice and addresses those with a strong desire to make it to the top and have a drive within, to excel. It is structured for those with a passion to constantly reenergize and reinvent oneself. It is a management education program that encourages critical, clear and innovative thinking about 'good' and 'best' management and business practices. IEM fortifies these discerning thoughts by building solid business skills in a highly competitive, yet collaborative environment. What also sets IEM apart is the fact that it is located in the prime corporate zone of Kolkata i.e. Salt Lake City.

The course at IEM is designed to develop more innovative, enterprising and effective managers/ leaders with the requisite knowledge, skill sets and managerial competencies to face the opportunities and challenges of the 21st century. The programs encourage students to analyze individual strengths and weaknesses as part of the self development process to function effectively in a complex and changing international business environment. All the students are exposed to the Big 5 Model "OCEAN" for their future success.

A stringent admission process, followed by a varied teaching methodology which includes seminars, workshops, case studies, corporate internships, interactions with industry personnel ensures that the IEM students have an edge when they enter the corporate world.
