“Education should be holistic and should create opportunities that facilitate one’s cognitive, physical, emotional, social, and spiritual growth.

A good system of education must instill self-esteem, life-skills and creativity in students. It must help nurture a free, un-obsessed, anger-free and relaxed mind. Such a well-rounded education system can also prevent fanaticism in young minds.”  
 - His Holiness Sri Sri Ravi Shankar

“If you are a student who wishes to excel, loves to innovate, thrives on creativity, revels in diversity and wants to walk out of campus with expertise in domain knowledge and life, Sri Sri University Is the place for you.

- Ms. Rajita Bagga  
 The President
